**harmon.ie**

Five new features for working smarter

Reimagine how your knowledge workers sort, save and search for business-critical information. With the new **harmon.ie**, your organization has the tools to work smarter than ever before.

1

Improve email retention results

harmon.ie's intelligent email management makes it easier than ever to securely save emails.
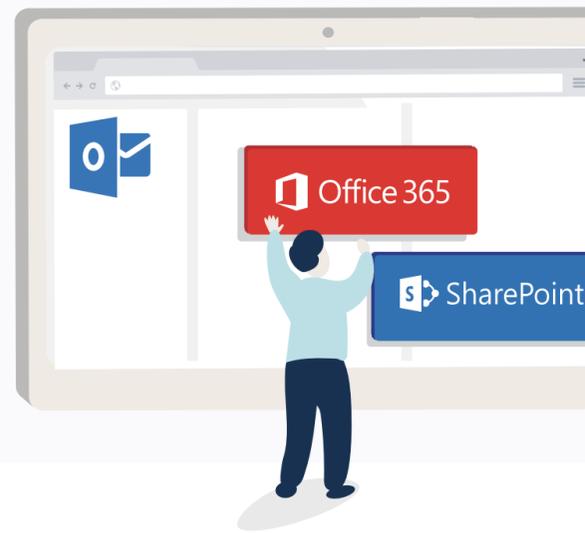

2

Ace Office 365 adoption

harmon.ie's new onboarding experience makes it easier than ever for new users to log into SharePoint and Office 365.

3

Fluent like Microsoft

harmon.ie's new-look interface follows Microsoft's latest Fluent design, so users aren't confused by different brand styles.

Office 365

SharePoint

4

Get more from mobile

harmon.ie integrates with Outlook Mobile, letting users upload emails directly to SharePoint and Office 365 from anywhere.

5

In sync with Microsoft

harmon.ie works smoothly with all the latest Microsoft updates and supports SharePoint 2019 and Office 2019.
